

# Instructions

Print out each of the

- boardA4
- rules
- spinner\_and\_piggies

PDFs on to the thickest Photo paper that your printer can handle then laminate each one.

## Spinner

Cut out the spinner from its printed and laminated sheet and make a hole to fit a spinner arrow. These can be purchased online quite easily.

## Piggies

Cut out each piggy separately. You can either get as close to the edge as possible or leave it as a small square. Keep the piggies in a small box.

## Fences

There are multiple options for fences:

1. Print out fencesA4.pdf on to photo paper, laminate, and cut out. Keep in the box with the piggies.
2. Find a nice fence you like on thingiverse and 3d print enough of them for the game (38).  
<https://www.thingiverse.com/search?q=Fence&sa=&dwh=35594564bf547a1>
3. Lego fence pieces fit perfectly and can be bought in bundles on ebay  
<https://www.bricklink.com/v2/catalog/catalogitem.page?P=33303#T=C>
4. Create small fences by glueing together lollipop (popsicle) sticks.
